# MISSION STATEMENT

At Traffic Safety Supplies, LLC. (TSS) we consider our customers and our commitment a key component to success. TSS, established in 2001 and incorporated in 2005, has grown to serve all corners of the contracting industry and beyond. TSS has been Virginia's one-stop-shop for all safety supplies, apparel (PPE), landscaping/asphalt tools, traffic control equipment, and much more. TSS has you covered whether you are a contractor, home owner, or a large-scale General Contractor! We pride ourselves in maintaining our inventory that ensures we have what you need when you need it. If we don't have it, we can get it!

*"Your project is our project."*

TSS can outfit your project to comply with local, State, and Federal standards. Our knowledge of traffic control standards and practices makes us the industry leader.

Establishing customer relations through competent service and products, supports our reputation. Quality delivery is provided through our staff and assurance with accuracy is what we strive for. It is our business to know your business and we dedicate ourselves to your safety requirements.

*"Your Safety is Our Business"*

# AQUAPHALT™

Finally! A Permanent, Environmentally Friendly Asphalt Patch

Revolutionary permanent asphalt and concrete repair material for pothole repair, pavement repair, utility cuts, walkways, tennis courts and driveway repair – it works even in wet and cold conditions

- ▶ Eco-friendly binder reacts and hardens with only water—no toxic solvents
- ▶ Aquaphalt is laid directly from its container—no need to mobilize large crews and equipment
- ▶ Minimizes roadway disruption with no need for special preparations
- ▶ Pre-mixed and permanent Aquaphalt is a one-time fix

# CAST TILES / FLEXIBLE TILES

# CAST TILES / FLEXIBLE TILES

The **Cast-in-Place** panel is a great long term solution for any project or climate. Made with a durable exterior homogenous glass, carbon, and fiberglass reinforced composite material; the thick, heavy panel and sturdy embedment ribs ensure a strong bond and superior structural support.

The **Surface Applied** panel is the perfect solution for retrofitting existing concrete surface or new construction, our surface applied detectable warning panels are constructed of an exterior grade, fiberglass polymer composite material.

## FLEXIBLE SIGNS | BOLLARDS | COVERS

**Fixed Base**  
Permanent Surface Mount Base

**One Base®**  
Universal Portable Base
